Disappearing taillights  
Going round the bend  
I don't know where she's headed to  
But she won't be back again  
She's the one who loved me  
Until I broke her heart  
Disappearing taillights  
Leaving me here in the dark

I watched them as they faded  
Getting smaller every mile  
I guess it's really over now  
And it has been for a while  
I never had imagined  
That she'd ever go this far  
Disappearing taillights leaving me here in the dark

Disappearing taillights  
It hurts to see her leaving  
Sure didn't plan on being on my own  
Now she's almost out of sight  
And suddenly it hits me  
She's about to be a memory when she's gone  
Now she's long gone

Disappearing taillights  
Too far away to come back now  
I suppose that I'll forget her  
But I'm really not sure how  
I thought I saw her turning  
But it was just a falling star  
Disappearing taillights  
Leaving me here in the dark

Disappearing taillights  
It hurts to see her leaving  
Sure didn't plan on being on my own  
Now she's almost out of sight  
And suddenly it hits me  
She's about to be a memory when she's gone  
Now she's long gone  
Disappearing taillights

Too far away to come back now  
I suppose that I'll forget her  
But I'm not really sure how
