The list is long and the cost is high
There's a lot of things that I won't try
But I would for you

And I know better than to test my luck
I wouldn't risk my life for a million bucks
But I would for you

I'll be the biggest fool you've ever seen
A regular Joe doing crazy things
A daredevil heart wouldn't have no limits
But all the things I wouldn't do
I would for you

I wouldn't swim an ocean full of barracuda
Or jump from a plane with a parachute
But I would for you

I wouldn't run with the bulls over in Spain
I wouldn't climb mount Everest in the freezing rain
But I would for you

I'll be the biggest fool you've ever seen
A regular Joe doing crazy things
A daredevil heart wouldn't have no limits
But all the things I wouldn't do
I would for you

You wouldn't think for a minute that there's a chance
We could fall in love with just one glance
But I would for you
Yeah I would for you
Girl I did for you

I would for you
I did for you
I would for you
