I think you have somebody waiting outside in the rain to
take you away
You got places to go, you got people to see still I'm
gonna miss you
But anyway
I wish you good spaces in the far away places you go
If it rains or it snows may you be safe and warm and
never grow old
And if you need someone who loves you, you know I
will always be there
I'll do it although I'm not supposed to care
I'll give you the keys to my flying machine if you'd like
I will show you the light and when you call I'm gonna
come to you
And when you find someone who loves you, I'll know
you would treat me
The same
Just lie there, you're not supposed to care
I think you have somebody waiting outside in the rain to
take you away.
That's some kind of a game still I'm glad it came down
to the final
Round
But anyway
If you think you need someone who needs you, you
know I will always be
There
I'll do it although I'm not supposed to care
I'll do it although I'm not supposed to care
