I'm tired of living alone
I've just discovered alone
I feel uncovered with you
I feel right here

I'm kinda silly I know
I'm not your lover although
I shouldn't bother I fall for the deep clear

Eyes blue
And you know
I'm in line with you

I'm tired of giving enough
I've learned from living it rough
I think I know when I must make myself clear

I'm tired of living alone
I've just discovered alone
When I'm uncovered with you
I feel right here

Can't you see
I can fly but I'm not free

Care for you
All alone in the clear blue clear

And you see
I can fly but I'm not free

It's kinda of silly I know
I'm not your lover although
I should'nt bother I fall for the deep clear

I can fly in the clear blue
Care free
Dry my eyes in a cool breeze
And you see

I'm alone when I lie still

And care free
I can fly but I'm not free here
I can fly but I'm not free clear
I can fly but I'll fall clear
I can fly through the clear blue
