I've been out on my own,
I've been doing real fine.
I watch you wreck what you can it's crazy cause...
It seems your out of your mind.

But you live in a dream,
And it's not going well.
There's nobody to help you,
Cause your living
In hell.
Well they say you've been good,

And some say you've been bad.
I like to laugh when your happy baby.
You make me cry when your sad.
But you live in
A dream, and it's not going well.
Superman cannot save you- cause- you're going to
Hell.
You are going to hell
