She's the shine in every moonbeam, kinda girl who can
pick you clean.

She's a star in every other man's eyes, she's the girl in
every man's day.

Pretty soon she will make her way into the back door, of
your mind.

She moves like a raptor, she moves like a snake.
She moves like a raptor, she moves me to make no
mistake about it, no mistake about it.

She was kind of a neighborhood kid, pretty soon she
will flip your lid.

She's the pearl in every other man's tea, she's the
smile in every man's eyes,

Kinda girl who can put you wise. She's a girl lets every
other man be.

She moves like a raptor, (no mistake about it), she
moves like a ghost, (no mistake about it).

She moves me like a raptor, (no mistake about it), she
moves me to boast,

No mistake about it, no mistake about it.

She's the shine in every moonbeam,
Kinda girl who can make you lean over backwards, or
so they say.

She's the girl in every man's game, pretty soon she will
pick your brain.

She's the smile in every other man's day.

She moves like a raptor, (no mistake about it), she
moves like a snake, (no mistake about it).

She moves me like a raptor, (no mistake about it), she
moves me to make

No mistake about it, no mistake about it.

She moves like a raptor, (no mistake about it), she
moves like a ghost, (no mistake about it).

She moves me like a raptor, (no mistake about it), she
moves me to boast,

No mistake about it, no mistake about it.

She moves like a raptor, (no mistake about it), she
moves like a snake, (no mistake about it).

She moves me like a raptor, (no mistake about it), she
moves me to make

No mistake about it, no mistake about it.
