Is there someone I can believe in
Is there somewhere I can hide
Take me out of the straits I'm in
Come and stay here by my side
Somebody I can rely on
I broke the law, I've been set free
Give me something to decide upon
Come and show yourself to me
Is there someone sewing seams
Through all my hopes, through all my dreams
You know living a life of ease
Don't make yer meals taste better
If you please

Is there someone I can relate to
Who will break the ice for me
Take me out of the place I'm in
Come and share your life with me
Somebody with nothing to live up to
Who will mend my broken dreams
Give me a wave I can ride upon
Come and show your strength to me

I have felt the final rush
Of love's embrace, the magic touch
Running headlong to attract
I felt the breath of Satan
On my back

Is there someone I can believe in
Is there something I can do
Take me out of the straits I'm in
Let me show myself to you
Somebody to whom I can belong
Take my hand, I've been set free
Give me some wings I can glide upon
Come and show yourself to me

Is there someone sewings seams
Through all my hopes, through all my dreams
You know living a life of ease
Don't make yer meals taste better

If you please
