Everyone tells me how beautiful you are
And what a lucky man I am
Although they all can see the way you look at me
They couldn't see it like I can

Chorus:

If they could see you through my eyes
They'd know where the real beauty lies
Deep inside your hearth
Who you really are

If they could see you through my eyes

Only I have to do is gently touch your face
Baby I can tell so much
Although I'll never see the way you look at me
I know I'm the lucky one

In the quiet of night
When I hold you close
I can feel how bright you shine
