It costs too much
It takes too long
It's everything
It's all day long
A walk in the park
A spin on the wheel
It's in your head
It's only real
Give it away, give it away!

Underwraps
Dragged in by the cat
Sunk like a treasure
Was brimming with pleasure
Now it hurts like pain
Wet with rain
Something you did
When you were a kid
Give it away, give it away!

Give it away, give it away,
Give it away!

Inside your pocket
The watch on the chain
The hand on the dial
That raises the cane
It never runs down
It never gets lost
Never gets loose
It never gets off
Give it away, give it away!

Cause I feel so unsure
I can't hold it no more

Give it away, give it away,
Give it away!

You blow my mind
You test my nerve
You test my love

Around every curve
I can't find
You enough
You're just so hard
You play so rough
Give it away, give it away!

Cause I cannot hold it up
I never know when enough is enough!

Give it away, give it away,
Give it away!

Don't you want me, baby
Don't you need me, baby
Don't you read me, baby
Anymore?
You're my deconstruction baby
Number one hundred seventeen and forty-four

Give it away, give it away,
Give it away!
