Got me dead drunk

Shaking, sweating, smelling death
Ethanol venom on my breath
Wake up each day to feel this pain
Looks like Iâ€™ve done the bad thing again
God I loved that girl next door
But she got me spilling on the floor
Opened my face like rotting vines
A scent so sweet like blood divine
We only thought weâ€™d had a few
And couldnâ€™t think of nothing else to do
With dutch courage and devilish charm
I thought that I could twist her arm
She got me naked in the bath
And cracked my head upon the hearth
Dragged me out and wrapped me up
Buried me deep, left me there to rot

Clawing through the soil, gagging for fresh air
Hallucinating life, lost in my despair
Escaping at last from my subterranean pit
A pounding head, a mouth tasting of shit
The demons taunt, encouraging me to feed
To search the streets for the poison I need
Carnage hits me hard as I stumble through
The panice stricken town
Terror all around as bodies scramble
To get it necked and hold it down

Couldnâ€™t wait for the weekend, ready to hit the town

But I met a very bitter end when she cold heartedly
beat me down

No longer human, a salvating monster, the beast within
unleashed

Bursting through beeping doors reaching for my liquid
feast

Head tilted back throat opened up, the lowest of all
men

Feel the change as my strength returns doing the
dance of destruction again
