A helpless bastard beginning to choke
Gag him with muslin whilst holding her throat
Hodling them tightly, whist they get tied with rope
Producing a knife and then slitting their throats

I gagged her with muslin
I slit his throat
I pulled down my trousers

Whilst wiping the blood from my coat...

Gagged, shagged, Bodybagged
Gag him, Shag her
Body bag them

A helpless bastard beginning to choke
Gagged with muslin whilst
holding her throat
These sick fantasies
inside my head
Not sleeping with the living
but raping the dead

Gagged, shagged, Bodybagged
Gag him, Shag her
Body bag them
