"Cum Inside The Carcass"

Visit "[Cum Inside The Carcass](#)" on MotoLyrics.com

Dragging... you by the hair. Kicking
And screaming down the stairs. Into
The darkness. I can hardly wait until
I violate your carcass. Begging for
Mercy only Intensifies my hunger.
Welcome to my den of torture. It
Reeks... of the dead. Now bound upon
My altar... struggling to breathe.
Gagged with the genitalia from the
Last slab of meat. Violently cutting the
Flesh from your body I penetrate and
Then... I kill and cum again. Hacking
And peeling and fucking and feasting
I penetrate and then... I kill and cum
Again. Dump the remains in a rotting
Heap. I'll shit what's left of you later.
