Bodies of my victims scattered on the
Basement floor. Desires unfulfilled I
Lust for more. Stimulation rising as I
Separate the head. As blood begins to
Spurt I'm drenched in red. Open the
Esophagus and slide my cock inside.
Soon to fill your stomach full of my...
Seed. Forcing... out your insides.
Squirting... all down my thighs. After
The deed of debauchery's done I begin
Excavation. Hacking and tearing out
One by one I consume your organs.
Saving your intestines to bound my
Next victim. Over and over. Obsession
Drives me to perversion. The end
Will always be the same. Fucking
Your headless trunk.
