Under ashen gloomy sky  
Ravens fly amidst the clouds  
From abysm of Nifelheim  
There's no path, there's no way out

Hugin, Munin guide my way  
Head my plea to ye!  
I am lost in endless grey  
Of the mistful sea.

Show me the the way  
From a place of grief  
To another world  
Of warming light,  
Sive me relief.

Wandering alone  
I'm watching clouds above  
I see flaming wands  
Above my head  
See no gleam of dawn  
I'm in deadly maze  
Lost, forever lost  
In the realm of Dead

Wandering in time  
In the outer worlds  
In the restless quest  
For my native hearth  
I've forgotten home  
I've forgotten how  
I have once ben lost  
In these darksome depths.

Now I scent the waind  
Cleansing power, my ally  
From the ambit of abysm  
From the reign of the sunlight

Waind could carry me away  
To the skies forever bright  
From domain where noone dwells

To the heights of morn alight.

Waind, I call thee, hear my plea  
In the name of one-eyed god  
Take me rise and help me flee  
"Fra dette kongedømmet av dod"...

There is no more waind  
Only dusk surrounds  
In the bottomless abysm  
With no stones, no ground...

"Tell me the truth  
If there is one  
So I could loose  
The source of force  
Possessed by none  
Where was that place  
Of the latitude  
Of grace ablaze  
Where once I stood  
Where's plenitude..."

Wandering adrift  
In the depths of dark  
Through the massive void  
There, beyond the gate  
Now I left behind  
Everything I had  
Lost within myself  
That waht was my fate

Hey, wel-o-the-wisps,  
Is there real sky  
Hey, the gods on high,  
Can't you guide me on  
Where are woods and springs  
Let me know for once  
When will I awake  
From this cruel dream

Slow deseent into disaster  
Hope of consolation fades  
Listening to the rusting whispers  
Of the lifeless moving shades

There's no thing to save or hold  
In the labyrinth of mist  
I've got power to behold  
THAT THERE IS NO OTHER WORLD

I am downward bound  
In the sea that sears  
I am tumble-down  
There's no way out of here

Collonade of wells  
Painted green and black  
Place where no one dwelled  
There is no way out and black.
