If I thought I knew the reason  
Why I've gone and fallen in love with you  
You're the one thing I believe in  
And I know quite well what I've got to do

First you say it's okay, then you say there's no way  
Then I'm making love to you  
You're the one thing I believe in  
And know it's time 'cause I've got to tell you

My love is like a flower  
Daisies are always free  
Pulling out the petals  
I wonder, if you love me? Love  
Love me, love me

If I thought I knew the reason  
Why I've gone and fallen in love with you  
You're the one thing I believe in  
And I know it's time because I've got to tell you

First you say it's okay, then you say there's no way  
Then I'm making love to you  
You're the one thing I believe in  
And I'll get my way or I'm going to kill you
