Here she lies dead, yet crawling with life  
Rotting entombed, and deformed by decay  
Taking her from death putrid grasp  
Now her remains return home with me

I reconstruct her corpse to fuck

Wax replacing skin that's rotted  
Fasten bones with screws and wire  
Vaginal tube inserted  
I'm consumed with sick...  
DESIRES!

Breathing in her rancid scent  
Intoxicated as I mount her  
Cunt and ass joined from the thrusting  
Her remains crushed while I'm fucking

Embalmed with cum I spew my climax deep inside her  
Festering lust turning to nymphomania  
NECROSEXUAL!
