You had your chance but you blew it 3x

You used to be the king of this charming place
This whole town is your crown, amazing.
Then greed towers within her enormous head
Like Babylonian pride, now no ones on your side.

Refrain:

What a sad conclusion, everybody wants a revolution.

Chorus:

You had your chance but you blew it 3x

Yes chance knocks only once
But I think we all deserve a second try, revenge!
But now it's different and I have to kill myself and
resurrect, now I'm dead!

Refrain 2:

What a tough solution, now it's time for my evolution!

Chorus:

You had your chance but you blew it 3x

Refrain 3:

What a sad conclusion, everybody wants a revolution.
What a tough solution, now it's time for my evolution!

Chorus:

You had your chance but you blew it
