

## Gorguts "Clouded"

Visit "[Clouded](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Sad version of abject life  
Enlightenment feeds my decay  
Sombre proper to ecstasy  
Bring this dark day of frenzy

Shame while I fly high  
Incite tears to my eyes  
Hopeless mind...Pain Life creates  
Above the skies of sorrow, I'm...

Crawling..Crawling on the darkened shore  
Seas of despair saturate my soul  
Rising..Rising from this clouded land  
Life of despair shall forsake my soul

Hopeless mind...Pain life creates  
Above the skies of sorrow, I elevate

Shame while I fly high  
Incite tears to my eyes

Fading..Fading from the mortal ground  
Sad version of grievous soul

Shame while I fly high  
Incite tears to my eyes  
Hopeless mind...Pain it creates  
Above the skies of sorrow, I elevate
