Clouded by the bliss obscura
Covered by the frame of drama

Intra limpidus obscura
Limen ex nihilum...Opacitas
Trux omnillustrare...
Ex regnum de exsanguis
Lux absentia, funditus

Silenced, fragments of nostalgia
Laments, frailty of the mind

Bounded by the abyssal fence
Light cleanses the internal sense

Obscure feeling of immensity
Black Opera, unio-mystica

Vibrate, filter of emotions
Filtrate, shapeless screen unfold
Reverie, climate of energy
Blackness, centre of whiteness

Intra limpidus obscura
Limen ex nihilum...Opacitas
Trux omnillustrare...
Ex regnum de exsanguis
Lux absentia, funditus
