Friendship- To you it means nothing
Time and Time Again
you betray friends
With lies- and your gossip
The stories you tell
can hurt like hell
It's your big mouth
and it's getting on my nerves you
know I wish you'd just shut it up.
It's your big mouth
and the shit that comes out
has nothing to do
with what your talking about
You know I want to trust you
but I can't

Your word's not given, it's lent.
My advice to you-
is to start somewhere
why don't you shut the up now-
It's your big mouth
and it's getting on my nerves you
know I wish you'd just shut it up.
It's your big mouth
and the shit that comes out
has nothing to do
with what you're talking about
