[Intro]

Yeah, this ya boy JC
And I got my homeboy Gorilla Zoe with me (yeah)
Ey homey, you better cuff ya girl
I think she choosin' (hehehe)

[Verse 1 - JC]

Walked in the spot, first thing I spot
Shawty straight choosin', lookin' real hot
Dolce Gabbana, Apple Bottom jeans on,
Now she lookin' at me like she got my on a ringtone,
Doin' her dance, no ring on her hand
If she got a man I sure can't tell
Girl I got 'em on my game in here
She gon' make me make it rain in here

[Bridge]

Now shorty what ya name is?
Got a nigga thinkin' that you're famous,
Now tell me what I gotta do
Took you outta superstar
I'll be an extra, show me my part

[Chorus]

So tell me who you came with!
Are you alone or with your girlfriends?
No ring, no husband, Shawty what it do
I got one mo' question for you:
Do you got a boyfriend? Girl I really don't care!
Just thought I ask you, don't tell I swear (don't tell I swear)
I just wanna kick it, I just wanna kick it,
I'll be your little secret
I just wanna kick it, I just wanna kick it,
Ain't no body gotta know.

[Verse 2 - JC]

Shawty I can do the things that your other man won't never do,
Like coppin' you a range or a ring maybe chevy blue,
I can see the pain in your eyes, when I look at you,

Cause you are not satisfied,
And I can guarantee, I can change what you are goin'
through,
All I really need is your name and your number, Boo
And I can call you in the mornin'
Or cook you breakfast in the morning.

[Bridge]

Now shorty what ya name is?
Got a nigga thinkin' that you're famous,
Now tell me what I gotta do
Took you outta superstar
I'll be an extra, show me my part

[Chorus]

So tell me who you came with!
Are you alone or with your girlfriends?
No ring, no husband, Shawty what it do
I got one mo' question for you:
Do you got a boyfriend? Girl I really don't care!
Just thought I ask you, don't tell I swear (don't tell I
swear)
I just wanna kick it, I just wanna kick it,
I'll be your little secret
I just wanna kick it, I just wanna kick it,
Ain't no body gotta know.

[Verse 3 - Gorilla Zoe]

What's happenin', What's happenin'?
Shawty what'cha name is?
Maybe we can kick it, take my numba we'll arrange it!
So you got a boyfriend,
How can that offend me?
When I look so player in this black on black Bentley.
Got my own Farnsworth, wonder what the funds worth.
Who is show? Show! Just gimme tickets to your concert.
I can make your back hurt, I can make you feel good.
I keep it to my self, that's how G's do it real good

[chorus]

Do you got a boyfriend? Girl I really don't care!
Just thought I ask you, gon' tell a swag (gon' tell a
swag)
I just wanna kick it, I just wanna kick it,
I'll be your little secret
I just wanna kick it, I just wanna kick it,
Ain't no body gotta know
