20's on the flow TV's in the chair  
Hundreds in the safe cushions everywhere  
Wake up in the morning like "What I'm gonna wear?"  
We could hit the mall, that ain't really fair  
Pull up to the mall in a black Murcielago  
Rollers in the trunk but in the hoods a semi-auto  
Clip full of hollow they parked the car they don't want  
no problem  
They know who I are, your fresh from head to toe  
Pull a bitch & I'm gone, take her to the room then I drop  
her back at home  
He ain't sellin' records I ain't ballin' everyday  
Bitch I got work all I do is move the yay.

[Chorus:] [x2]

We be in the hood all the bitches in the hood love the  
Doe Boy

Bricks of the thrax call me Osama  
Presidential kush call me obama  
Pull up to the trap trunk beatin' like thunder  
Man I'm gettin' money, better watch your baby mama  
Hey Ms. Hilary, can't be kin to me  
But I keep that white bitch on another level G.  
Hey Billy Clinton what you tryin' to sell me?  
That's the same shit that my Mexican's mail me  
1500 bills god damn that's a felony  
Karats in my ears all the bitches wanna share me

John deer, take care of the grass, My dear let me take  
care of that ass  
G Zoe G 4 that's a lear, Lamborghini threw it in the 6

So you can catch me up in Onyx every Tuesday  
Styrofoam Cup you think I'm drinkin' pink Kool Aid  
Karats round my neck lookin' like a bunch of lemonade  
Doe Boy I been runnin' from the media  
Stacks in my pocket thick like encyclopedias  
Old money I get it I beat a block  
Then throw it at them girls that like to lick the lollipop.

[Chorus:] [x2]
