You know what you need baby (I think she need a dope boy)

Ya feel me, you need a nigga that get that money (she wants a dope boy)

Block ent block boyz we over here man.

20's on the floor ? in the chair

Hundreds ain't the same cushions everywhere

Wake up in the morning like "what I'm gonna wear?"

We could hit the mall, that ain't really fair

Pull up to the mall in a black Marciano

Rollers in the trunk ?

Clip fulla hollow they parked the car they don't want no problem

They know who I are, ya fresh from head to toe

Pull a bitch and I'm gone... take her to the room then I drop her back at home

He ain't selling records I ain't ballin everyday

Bitch I got work all I do is move the yag

We be in the hood all the bitches in the hood love the dope boy

It's all good all the bitches wanna do is fuck a dope boy

We be in the hood all the bitches in the hood love the dope boy

It's all good the bitches wanna do is fuck a dope boy

Bricks of the press call me osama, presidential kush call me obama

Pull up to the trap trunk beating like thunder man I'm gettin money

Better watch ya baby mama

Hey ms hilary, can't be kin to me but I keep that white bitch on another

Level g

So you can catch me up in nomics every Tuesday
Styrofoam cup ya think I'm drinking pink kool aid karats

Looking like a bunch of lemonade

Old money I get it I beat a block, then throw it at them
