He say that im freaky just b/c i push the skin back, back
and forth i make you cum, then you know i sip that,
drink it like its juice or better yet just like a slurpy, pull
my hair and slap my ass come on baby hurt me i like to
do it dirty put me in your car back seat of the chevy and
just watch me do my job climb on top and bust it open
right over your dashboard in my pussy in my mouth ill
give you what you ask for i am not in a animal but jacki
is a beast i wont say that im freaky i just say i like to ? at
least 8 times a week you can find me watching flicks
with a dildo in my ass and a finger on my clit
