[Hook]

So where your swag at? huh?
You swagged out?
You got these hoes walkin round
With they ass out
You see 'em shittin on these niggas
And they assed out
So where your swag now?huh?
You swagged out

[Chorus]

Watch me [X7]
Motherfucker
Watch me [X7]
Motherfucker
Watch me

[Verse 1]

So where your Loui shoes
Your Loui bag
Your Loui hat
Your Loui rag
Say you swag today, but it's gone tomorrow
Where your swag wear at huh?
I guess your swag is borrowed
They say diamonds are a girl's best friend
Yeah, I just use 'em as a wrist band
Do these true religion jeans make me Christian
And are these Christian to yours for a blind man
Cause it's so dark, I can't see y'all
A nigga need a flashlight just to see y'all
Turn my wrist into a flashlight to see y'all
And turn your watch into a glow ball, we ball

[Hook]

So where your swag at? huh?
You swagged out?
You got these hoes walkin round
With they ass out

[Verse 2]

Lookin at my watch

I can't help but notice

That it's time to shine

So i'm menstrual focus

I'm looking for the right

I'm looking for the stacks

If you got stacks on deck then where the money at?

Where your whips at?

Where your bitches dog?

Standing by yourself looking like a sick dog.

So many hoes on my balls i can't get 'em all.

So many cars in my garage i can't even ball 'em.

And we don't use cash no more yeah

What you use is credit cards now. Ok what else?

Yeah it's bank cards now. OK what else?

The bank calls us now.

[Hook]

So where your swag at? huh?

You swagged out?

You got these hoes walkin round

With they ass out

[Verse 3]

Back from the future

Just like the Jetsons

Swag so sick, i could've been a Jetson

Scar from my neck just like i was a pilot

Swag so sick you would've swore i had a stylist

Yo money slowed up but shit, my money piling

Glowing bands in the club man i call that shit whilin'
Swagger checked a nigga man that shit childish
I 'ready had swagger ever since i was a child bitch
These niggas lookin sick
I guess they swag is missin (it's lost)
You can call me for some swag assistance (right now)
All i ask is that you pay tuition
And read the terms and conditions

[Hook]
