Featuring: Little Dragon

Oh, joys arise  
The sun has come again to hold you  
Sailing out the doldrums of the [Incomprehensible]  
The polyphonic prairies here, it's all around you  
It's all around you, out here

And if the whole world is crashing down on you  
Fall through space out of mind again  
Where the emptiness we leave behind  
On warm air rising  
Lose all the shadows far away

The falling alcohol empire is here to hold you

Rolling out and haunted till it sinks

Little memories, marching on  
Your little feet, working the machine  
Will it spin? Will it soar?  
My little dream, working the machine

Soar like a whale and crash and fall  
And closing in on [Incomprehensible]

Little memories  
Your little feet, working the machine  
Will it spin? Will it sore?  
My little dream, working the machine

Soar like a whale and crash and fall  
And closing in on [Incomprehensible]
