Everybody people  
Everybody standing their ground

If you dream to the top  
You'll be over the edge  
If you get it on side  
You'll be taking a ditch  
You'll be loving our love  
But you don't know why  
It's the term of the day  
So we never excite  
If your heart isn't there  
So you might as well say  
"I know it, I got it but I know that time will set me  
together"

(Oh yeah)

If you get it on side  
You'll be taking a ditch  
You'll be loving our love
