Some kind of nature
Some kind of soul
Some kind of mixture
Some kind of gold
Some kind of majesty
Some chemical load

Some kind of metal
Made up from glue
Some kind of plastic
I could wrap around you

The needy eat mayonnaise
They wear phony clothes
They sit with our picture
Up until they grow old

Some kind of nature
Some kind of soul
Some kind of mixture
Some kind of gold
Some kind of majesty
Some chemical load

Well, me, I like plastics
And digital foils
Could wrap up the sun
And protect the girls

From the spiritual poisons
You spill at night
Like phony clothes but
I really like my

Some kind of nature
Some kind of nature
Some kind of soul
Comes from within us
Oh Lord, forgive me

Some kind of mixture
Some kind of gold

It's got to come and find us
All we are is dust

Some kind of metal
Made up from glue
Some kind of plastic
I could wrap around you

The needy eat mayonnaise
They wear phony clothes
They sit with our picture
Up until they grow old

Some kind of nature
Some kind of nature
Some kind of soul
Comes from one within us
Oh Lord, forgive me

Some kind of mixture
Some kind of gold
It's got to come and find us
All we are is dust
