This morning you've got time for a hot
Home cooked breakfast
Delicious and piping hot in only three
Microwave minutes

Are you kidding?

Pretty package of frosted delights
Look it comes with toy
I like that I want a number four,
A number six and throw
In a plastic doughnut
Just enjoy the gritty crunch that tastes
Just like Chicken

Rappers of many bite sizes
Man are you frickin blind?
It's a rock all mixed in the pot full
Mamma's homemade from scratch
But not quite...
Toasted over flames they be
Tasting quite right

All hail King Neptune
And his water breathers
No snail thing to quick for
His water feeders
Don't waste time with your net
Our net worth is set
Ready go many know others BUT
We be the colors of the mad
And the wicked
We be bad we re-brick it
With the 24 hour sign
Shower my habits while
You dine like rabbits
With the crunchy crunchy carrots
Oh that's chicken...
Got to have it superfast

A whole line of breakfasts
You've got time for

Superfast Superfast I come in last
But just in time for breakfast
Keep us through Keep us through
Whatever blue the night
The night throws at us
Aluminum I crush for fun aluminum
The sea is radioactive
The sea is radioactive

All hail King Neptune
And his water breathers
No snail thing to quick for
His water feeders
Don't waste time with your net
Our net worth is set
Ready go many know others BUT
We be the colors of the mad
And the wicked
We be bad we re-brick it
With the 24 hour sign
Shower my habits while
You dine like rabbits
With the crunchy crunchy carrots
Oh that's chicken...
Got to have it superfast

Superfast Superfast I come in last
But just in time for breakfast
Keep us through Keep us through
Whatever blue the night
The night throws at us
Aluminum I crush for fun aluminum
The sea is radioactive
The sea is radioactive

Superfast Jellyfish (repeated)

Don't waste time
The sea has gone silent...
