YO, that's how I had it locked
Through the bags on the baddest block
Newest Jag wen I pass the cops
Who's as bad as a savage, I (I)
You niggaz brag alot, talkin bout you brought raw
You'se a ball hog you ain't never passed the +ROC+
I still dip and dab, stick my hand in bigger bags
Link a gram or give 'em slabs, trips wit tan in gypsy
cabs (outta tan)
I be badder than Krueger, speedin' rapid confuse ya
Keys backin' from Cuba, Tea bags for the users
Relax you're a loser, ease back or get fuller
These cats out the tula, Lean back in Madulla
V's matchin' my mula, sleeves actually cooler
Wrists look like I been playin freeze tag wit the Jeweler
So I'm extra good, runnin' through this reckless hood
I floor, slide off, never would these hefers could
Til' they seen me stun harder then I ever should
Now woody ain't the only bird peckin wood

[Verse 2 - J.R. Writer]

YO, it's a miracle snakes, how I skip through the states
And the crispiest Apes, all my whips up to date
See this pistol and 8, It'll sit you in space
You won't be able to sleep when I get you awake
That's a funeral, holla, get a funeral, holla
Necessary you'll get pretty at the funeral parlor
Roses, Dandelions send a few to yo father
We maneuver for dollars, in the newest impalas
Listen beat it I'm hot every season I rock
Chinchilla filler, leave you niggaz to freeze on ya block
We don't believe that you pop, I'll put this eagle to pop
You'd rather cop the plea and go plead to the cops
And say shit like J, I don't need to be locked
The year, the week or a day, I got a seed on the way
{talkin'} What?, Stop cryin' now, Let's keep it movin'
Sissy I'll let a rattle clap, 60 up in this bastards cap
Dig me I'm what you rappers lack, sicker than all your
battle raps
Slither up in the asta hatch, or watch young move
On junk food, Twinkies sit on the caddillac
Shit I go glock for glock, let's see you dodge a shot
I get the hotties hot, just off my rocky rocks
Them make the goggles drop
Tyra Banks find the top models, shit I'm lookin' for the
models top

This is how we flow (flow)

Agua nada, you figure that my figures are cool
Change my clothes for what, I switch up my jewels
