"Jenny Loses Me"

I know once she holds life
Never gets away
I know it's scared of the ride
Cause she goes all the way
All the way she's got it down

I don't wanna feel like I'm allowed
Wet in Jenny's rain all in vain
I don't wanna feel like I'm alone
Riding on her train
And all the way she's got it down

When I follow Jenny
Jenny loses me
I'm forever keeping up

I don't wanna feel like I'm a dove
Staring at her plain all insane
I don't wanna feel like I'm a ball
Pulling on a chain
Every day she's got it down
