Charlotte Caffey)

You thought that I was on your side

And I'd do anything for you

But you found out yesterday

That you were wrong

I opened up the door

I said we were through

Now you're calling me

You want me back again

But I've just got to turn my head

And start to pretend

I've never seen you

You're someone I don't know

Are you just another boy

That I met long ago

You had me all to yourself

I thought that you were such a prize

I finally came to my senses

When I heard just one too many lies

You can talk about old times

They don't mean a thing to me

YOu're fading fast

Out of my memory
