It used to be fun was in

The capture and kill

In another place and time

I did it all for thrills

Love me and I'll leave you

I told you at the start

I had no idea that you

Would tear my world apart

And you're the one to blame

I used to know my name

But I've lost control of the game

'Cause even though I set the rules

You've got me acting like a fool

When I see you I lose my cool

Lust to love

Was the last thing I was dreaming of

And now all I want is just to love

Lust turned to love

That was when the fun was in

The capture and the kill

In another place and time

I did it all for thrills

Love me and I'll leave you

I told you at the start

I had no idea that you

Would tear my world apart
