#### [Verse 1]

I take time and holler at the Father, what y'all call  
praying  
Trying to ball all day and while y'all playing  
You can catch me on the grind trying to make cash  
money  
Checks from execs y'all can have the fast money  
I think of past money how it came how it went  
The women stayed spending from the game I present  
We hustled for the Bills and did the same for the rent  
With Hennessey and Mary Jane on my breath I repent  
Striving everyday to change my ways  
Gotta watch the things I do and say  
Those don't understand the choosen few  
Criticize the way I roll with my crew  
Switching lanes in a drop standing on the rock  
I hit the block and blow the spot  
Peace shod on my shoes creased 501 blues  
Asking what you gonna do?

#### [Hook]

What you gonna do when he come for you  
What you gonna do when the game is through  
Line up a day late and you won't find us  
You better make your minds up before the times up

#### [Verse 2]

Hustlin hustlin ballin ballin  
Got to exit these mean streets cause God is calling  
Got no time for stalling soon it's gonna be judgement  
day  
You can run and try 'n hide but you can't get away  
This a way that a way which way you gon' go  
I once heard 'em say what you reap is what you sow  
Either crap out or hit the lick back down  
I ain't telling what I heard I'm telling what I know  
Used to think that life was bout ballin'  
Doing big things making shot calls  
Didn't know I had the game twisted thought I knew the  
truth  
But I missed it

Oh what you gonna do when he comes for you?

[Hook]
