

Gospel Of The Horns "Vengeance Is Mine"

Heightened pleasure, blackened name
Cataclysmic rush, engulfs thy veins
Falling into nothingness
As you're chasing the sun

Darkened shadows, form a haunting maze
Night shreds the light, eyes of fire
The bite of the serpent, the final verdict
A venomous fate...

Vengeance is mine

Ride the wings of eternal pain
Ride on forever sin after sin... aaauuuugh...

Shower me with lust
And I shall give you timeless sin
In the slumber of my bloodred hands

Chaotic frenzy, nihilistic flames
The temple of virtues, burns the temple of shame
