Baby those brown eyes  
Well they snuck right up on me  
Took me by surprise  
Didn't know how deep they'd be

Been a long time comin'  
Since somebody made me look  
And stop all this runnin'  
I guess you had what it took

And it's feelin' good tonight  
So I'm gonna hold on tight  
We can take it slow  
Baby come what may  
We'll just let love lead the way

I know you're just like me  
You've always been in control  
You'll give your time but  
You won't ever bare your soul

But baby don't worry  
If you need to back away  
You can be sure we  
Won't make any rules to how we play

But it's feelin' good tonight  
So I'm gonna let it ride  
We can take it slow  
Baby come what may  
We'll just let love lead the way

Hey I know it's overused  
but we ain't got a thing to lose  
We can dance all night while the music plays  
We'll just let love lead the way

Yeah it's feelin' good tonight  
Don't you wanna hold on tight  
We can take it slow  
Baby come what may  
We'll just let love lead the way

And I know it's overused  
But we ain't got a thing to lose  
We can dance all night while the music plays  
And we'll let love lead the way

Let it lead the way
