(Chorus)

Lovato's Back (2x)

I heard these peoples screaming that Lovato's back
You ain't leaving for Camp Rock left for Sonny we did it
Give me CD's to sell it give me songs to hear it
Her best friend is so good her voice is so great
I can't forget her to going out on a date
They screaming Lovato's Back (2x)

I heard these peoples screaming that Lovato's back
(Verse 1)

She only has her own childhood
She pays her bills and her neighborhood
Demi will find her eating disorders
Selling her rehab so she can't afford it
Me Myself and Time is play it for Jay-Z
So he couldn't say for leaving till 3
She can spray like Dr. Dre and Snoop
He will never win so they really lose
I will rock the mic like Freeway and Sigel
Try to stay country, and try to stay legal
Lay yourself down like my boy Lloyd
We getting money just like Pink Floyd
My cuban my spanish my asian chicks
My homies wouldn't getting 40 bricks
It's only of my perception
I wouldn't sing 50's 21 Questions

(Chorus)

Lovato's Back (2x)

I heard these peoples screaming that Lovato's back
You ain't leaving for Camp Rock left for Sonny we did it
Give me CD's to sell it give me songs to hear it
Her best friend is so good her voice is so great
I can't forget her to going out on a date
They screaming Lovato's Back (2x)
I heard these peoples screaming that Lovato's back
