You have finally found the time to be remembered for
a long, long time.
Drenched in rain, she says it's washing all her pain
away.
The bible's changing from the inside.
Everything is gone, my body feels like there's
something wrong.
Must be the Seasons of the Witch.
A face I've never seen before, Starts to feel like there's
something wrong.
Must be the Seasons of the Witch.
Inside her vest is salvation so we don't exist.
Seasons of the Witch I saw changing on the flip
side! Seasons of the Witch Careful, tighten the noose
and sleep.
Ignore the shameful memories raping all function.
Can't see the better times ahead. I hate Myself wish I
were dead.
The rage is coming from the inside,
Everything is gone, my body feels like there's
something wrong.
Must be the Seasons of the Witch.
A face I'd never seen before, starts to feel like there's
something wrong.
Must be the Seasons of the Witch.
I got it all At my fingertips, Seasons of the Witch!

Freezing and old, inside the paralyzing dreams of
hope.
The nightmare rides are back.
Can you remember that? Did you remember the words
to say?
Freezing and Old inside the paralyzing death of hope.
The night mare rides are back.
Can you remember that? Did you remember the words
to say?
Seasons of the witch! I saw you changing on the flip
side
Seasons of the witch! You hold the stars on your
shoulders
Seasons of the witch! God changed on the flip side
yeah

Seasons of the witch!
You have finally found the time to be remembered for
a long, long time
Drenched in rain, she says it's washing all her pain
away
I saw you changing on the flip side
Everything is gone, my body feels like there's
something wrong
Must be the Seasons of the Witch.
A face I've never seen before, Starts to feel like there's
something wrong.
Must be the Seasons of the Witch
I got it all at my fingertips, Seasons of the Witch!
