"Beyond Suicide"

A voice is calling inside
it's breaking my heart
Loosing my mind
with blood in my hands
"Aren't you tired of living...
...this life that you don't want?"
Now close my eyes... I'll hope to die

Die...Die...Die...Die...

Hope is falling down
and now I give up
You took my love
and everything I had
"Aren't you afraid to dream...
...the same nightmare again?"
Don't want to play... your dirty games

Die...Die...Die...Die...

Nothing to lose killing myself for you
Waiting alone in darkness...beyond suicide
Now I pray with nothing more to say
Waiting for a new dawn...beyond suicide

Just a little step... forever...
I'll be close to my fate
Just one last wish... please forget my life

Die...Die...Die...

It's not a crime... just want to die...
Remember me... I just want to be free...
Nothing but pain...this is insane
You were my fire... and now I'm drown in your eyes...

Nothing to lose killing myself for you
Waiting alone in darkness...beyond suicide
Now I pray with nothing more to say
Waiting for a new dawn...beyond suicide
Just a little step... forever...
I'll be close to my fate

Just one last wish... please forget my life
