Avverto la tua presenza  
Nel buio denso di terrore,  
Sibili piano, strisciante paura,  
Sei vicina, adombri la mia mente,  
I tuoi occhi. cosa vedo?  
In pietra mi tramuto,  
Se solo non avessi fissato il mio sguardo  
In te misantropia,  
Gorgone incateni l'anima.

"I feel your presence  
In the dark laden with terror,  
You his slowly, slithery fear,  
You are near, you overshadow my mind,  
Your eyes. What do I see?  
I change into stone,  
If only I had not fixed my gaze  
On you misanthropy,  
Gorgon's head,  
You have enslaved my soul."
