By an obvious form of despair, my hollow spinning
heart is looped
Thoughtlessly somehow progressing motionless story

When was it that we lost the something along the way
we know all too well today
Pointlessly somehow progressing motionless story

That is, only that...
Only shattered

By the appetite deep within us, my pattered out heart is
looped
Thoughtlessly somehow progressing motionless story

When was it that we lost the something the unspoken
real me knows
Pointlessly somehow progressing motionless story

That is, only that...
Only shattered
That is, only that...
Only danced in the wind

From your eyes a lone sparkle trickles
Ah, clear sky out of the blue
If it's just pint it's evenly divided, yeah... it's gotta be
That's our color

Until my white breath vanishes, friskily dashing
through that street
In the town visible from the hill blossomed a flower
called "you"
It'll blossom again

That is, only that...
Only shattered
That is, only that...
Only daced in the wind

From your eyes a lone sparkle trickles

Ah, clear sky out of the blue
If it's just pain it's evenly divided, yeah... it's gotta be
That's our color

Until my white breath vanishes, friskily dashing
through that street
In the town visible from the hill blossomed a flower
called "you"
It'll blossom again
In a color resembling you
