I wake up in the night madogoshi no moonlight
Koyoi terasarete naze kashira taka naru mune
I'm dancing in the night tokimeki no blue light
Sarusa no rizumu de odori akasu wa

Tameiki no monday ame furi no tuesday
Ashita kara wa hallelujah
Kitto good things happen to me

Smile in the sky mado no soto de hohoende
Shine through the night zutto watashi miteite
Konna jewel na yoru ni

I wake up in the night tobikiri no moonlight
Koyoi terasarete naze kashira yasashiku naru
I'm singing in the night karisome no stage light
Pajama de baraado utai tsuzukeru

Kogarashi no thursday yuki ni naru friday
Tsugi no asa wa hallelujah
Kitto good things happen to you

Smile in the sky itsumo sora de hohoende
Shine through the night zutto kimi wo miteiru
Yoru no tobari wo nukete

Tameiki no monday ame furi no tuesday
Ashita kara wa hallelujah
Kitto good things happen to me

Smile in the sky mado no soto de hohoende
Shine through the night zutto watashi miteite
Konna jewel na yoru ni
