Hear i stand, and i don't know why  
Why should i wait, when i'm ready to fly  
I had that feeling, right from the start  
That i've been shot, straight into my heart

But i can't stand to walk by myself  
Down the rocky road of my life  
This precious time is ticking away  
An' i'll do anything if i can make you mine, baby...  
You are the reason i live  
When the sun goes down  
We dive in the night, baby...  
You are the reason i give  
Give you all of my heart  
Instead of my pride , instead of my pride  
I see your face everywhere i go  
I hear your voice in the wind that blows  
Sometimes i wonder am i loosin' ground  
But i know good lovin' is so hard to be found

But i can't stand to walk by myself  
Down the rocky road of my life  
This precious time is ticking away  
An' i'll do anything if i can make you mine, baby...

You are the reason i live  
When the sun goes down  
We dive in the night, baby  
You are the reason i give  
Give you all of my heart  
Instead of my pride

You are the reason i live  
When the sun goes down  
We dive in the night, baby  
You are the reason i give  
Give you all of my heart  
Instead of my pride
