I gave you all my love
And I wonder what you wondered for
I gave you all the above
Full Life, full war

And this is the man that you see
I am as you won't need me
And this is the man that you see

Remember it's me
You got me where you want me to be
Remember it's me
You are the one that made me believe

I must have got it wrong
But I swear I heard that I was alone
Just not a taking too long
And now it's gone

And this is the man that you see
I am as you won't need me
And this is the man that you see

Remember it's me
You got me where you want me to be
Remember it's me
You are the one that made me believe

You got me where you needed
You got me now you're on
I gave what you wanted
The dangers last defend

Remember it's me
You got me where you want me to be
Remember it's me
The one you got, you needed

Remember it's me
You got me where you want me to be
Remember it's me

You are the one that made me believe

I gave you all my love, full life.
