I've been locked inside my anxious mind
For way too long now
People tellin' me
I need conformity

Just leave your thoughts behind
Deaf and blind

Now I showed them all
I crashed the wall of indecision
I'll finish when I'm done
I won't let anyone

Take control of me
Now I'm free, yeah, yeah

All we are, is more than in the mirror
All we are, is more than what you see
All we are, is what we got together

Is all we need 'cause life belongs to me and you
And things we do right now, right now
Things we do right now

How 'bout trying to live a life
No definition matters
How 'bout trying to understand
The things you can't?

Step outside the line
Instead of wasting time, yeah, yeah

All we are, is more than in the mirror
All we are, is more than what you see
All we are, is what we got together

Is all we need 'cause life belongs to me and you
And things we do right now, right now
Things we do right now

All we are, is more than in the mirror
All we are, is more than what you see

All we are, is what we got together

Is all we need 'cause life belongs to me and you
And things we do right now, right now
Things we do right now
