Wasting my days  
On wondering why  
Searching for answers  
Possible lies

Knowing the reasons  
But hiding the truth  
Now at the end  
All I miss is just you

I'm falling  
Down, down, down into the room.  
I'm falling  
While searching for someone like you.

Day after day  
I've been running away  
From possible stories  
We've earn of the day

Spending my time  
On blowing my mind  
Searching for someone  
When the one was mine.

I'm falling  
Down, down, down into the room.  
I'm falling  
While searching for someone like you.  
While searching for someone like you.  
While knowing there's no one like you...

Sorry if i turned, your life into hell  
Sorry 'cause it ended that way  
I wonder if you will  
Then forgive me one day  
Can't stand any longer this pain.

I'm falling  
Down, down, down into the room.  
I'm falling

While searching for someone like you.  
While searching for someone like you.  
While knowing there's no one like you...
