Time to call another girl in town, time to take all of your pictures down

It's time to let them know, I'm still around

Wish I had the words to say it right, the show is over  
Let's just say goodnight, and all the feelings that were locked inside

Are free

Cause it's the

First time in a long time, I'm here on my own

And I'm finding reasons, to carry on strong

There's no easy way to leave it all behind

Cause it's the

First time in a long time

I'll be all right

I might just take a ride on the open sea, a million miles from where I used to be

With every step I take, I do believe ..oh

I see my whole world from the inside out, one more reason not to cry out loud

A new beginning and I'll find my way somehow

Now it's the!

First time in a long time, I'm here on my own

And I'm finding reasons, to carry on strong

There's no easy way to leave it all behind

Cause it's the

First time in a long time

I'll be all right

B part:

I could tell you my story, bout the hell I've been through, oh yeah

I've been praying for the answers, and all that really matters

Is coming out of the blue

Cause it's the

First time in a long time, I'm here on my own

And I'm finding reasons, to carry on strong

There's no easy way to leave it all behind

Cause it's the

First time in a long time

It's the, first time in a long time

It's the, first time in a long time

But IÃƒÄ€Â™ II be all right, IÃƒÄ€Â™ II be all right  
Time to call another girl in town
