Time and again
It feels like paradise to me
I've hardly time now to lose control
I see you stand in front of me
Shiny eyes and destiny
I can't get you out of my mind
Out of my mind, oh no
Out of my mind
Come back and see what you have done
I've seen many places and many towns
Is there a chance to take you home
A promise for the night to come
Walk out, put a smile in my mind, no
You've always told me, girl
What I'm doing, yes
And that's exactly what I need
She said I'm a good time lover
Baby, baby, can I take you home
She said I'm a good time lover
Baby, baby, won't let you go
No more
Come back and see all over, babe
That's been to many places and many towns
Then a chance to take you home
A promise for the night to come
Walk out ... feeling not again
You've always told me, girl
What I'm doing, yes
And that's exactly what I need
She said I'm a good time lover
Baby, baby, can I take you home
She said I'm a good time lover
Baby, baby, this night's gone
A good time lover
Baby, baby, can I take you home
She said I'm a good time lover
Can I take you home tonight, oh no
She's a good time lover
Baby, baby, can I take you home tonight
She said I'm a good time lover
Good time lover
