Show me the way to your heart  
I am searching  
But I'm drifting apart

Everything's gone, far away  
Here we're standing now  
With no words left to say

Gave you power  
Fell on the floor  
Silence, never thought you hurt so bad  
In darkest hours  
Slept at your door  
Wishing all would be just like before

Let me find my piece of heaven  
Let me find my way back home  
I want this love to last forever  
And back together, rise once again  
From the ashes to the sky

Has someone taken my place  
Am I falling  
Was it our last embrace

Now you're asking me for some more time  
I am trying to survive  
Victim of my desire

I keep on running  
I'm up all night  
Times , I never thought they hurt so bad  
In darkest hours  
Stand by your door  
Wishing all would be just like before

'Cause I need it so bad
