Hard times, shadow of a street light
Dark eyes, stealing to survive
God knows with a pocket full of hope she goes

Young life, closing all around her
She'll be twelve, somewhere 'round June
No chance for a child growing up too soon

And she never felt love from someone
Never had love before
Just another cry of desperation
That no one stands up for

Janie's not alone
She's not the only one, who lives a life in misery
Janie's not alone
All she can do is run that seems to be her destiny

No mother, no father
She calls for angels but the angels cry
No chance, I guess that she was born to lose, yeah

And she never felt love from someone
Never had love before
Can we ever stop the tears from falling
So she won't cry no more

Janie's not alone
She's not the only one, who lives a life in misery
Janie's on her own
All she can do is run that seems to be her destiny
Destiny

And she never felt love from someone
Oh, never had love before
Just another cry of desperation
That no one stands up for

Janie's not alone
She's not the only one, who lives a life in misery
Janie's on her own
All she can do is run that seems to be her destiny

Janie's not alone
But she keeps holdin' on, it's not how it was meant to
be
Janie's on her own
All she can do is run that seems to be her destiny

Janie's not alone
Destiny
Janie's not alone
Janie's not alone

Janie's not alone
Janie's not alone
No, no, no
Janie's not alone
Janie's not alone
